

ELEMENTARY SCIENCE OLYMPIAD (ESO)

2018.19 EXTRACURRICULAR INFO SHEET

THE GIFTED CHOICE™

NAME: Elementary Science Olympiad (ESO)

DESCRIPTION: ESO is a standards based STEM program that encourages students to find their passion in science. The program incorporates hands-on activities combined with traditional learning methods. ESO makes an excellent segue for students who decide to pursue the middle school division of Science Olympiad in the future. Events/topics covered in the 2017.18 school year included: Anatomy, Aerodynamics, Backyard Biologist, Junkyard Cars, Rock Hounds, Bridge/Tower, Crime Busters, Write It Do It, Metric Mastery, Science Password, Mystery Architecture, and Starry Night. More info at <https://www.soinc.org/programs/elementary>.

LEADER(S): Colleen Storiz (SAA faculty) - cstoriz@scienceandartsacademy.org

ELIGIBILITY:

- 3rd - 4th grade, by invitation only
- ESO is intended for students with a strong interest in science and Science Olympiad
