

SCIENCE ENRICHMENT PROGRAM

2019-20 EXTRACURRICULAR INFO SHEET

THE GIFTED CHOICE

TITLE: Mad Science - Science Enrichment Program

ELIGIBILITY: JK - 1st

DESCRIPTION: Mad Science is a leading science enrichment provider, delivering unique, hands-on science experiences for children that are as entertaining as they are educational. Mad Science encourages scientific literacy in children in an age when science is as vital as reading, writing and arithmetic and we don't stop there. For over 25 years, we have invested in research and development and continue to do so. We believe in the importance of being at the forefront of our industry and continue to create hands-on science programming for kids. Our approach to teaching science invites children to pursue STEM careers. Visit northillinois.madscience.org for more details.

Spring 2020 Session: *In NASA Space Explorers, students will study the planets in our solar system and the stars beyond it, learn about astronaut life aboard the space station, build their own model rockets, experience a model rocket launch, and more! Take-homes include gravity game boards, model rockets, miniature space telescopes, and more.*
