

The SAA Scholarship Fund moves us closer to our goal of funding full-need awards – giving more children in need the momentum to succeed. Every gift helps increase our maximum aid award level to sustain our vibrant and inclusive community.

## 2019-2020

In order to assist as many students as possible, SAA currently caps awards at 50% of tuition.

## 2020-2021

For the 2020-2021 school year, your giving allows us to increase the maximum award to 60%. With annual tuition for grades one through eight at **\$23,050** per year, even families who receive 60% assistance need to pay over **\$9,200 a year** on their own to cover the balance of tuition. Families who receive less than 60% assistance will be responsible for even more. This does not include any additional fees or extracurriculars.

Thanks to the SAA Scholarship Fund, we can continue to **increase our maximum aid award** level to significantly lessen the burden on families whose children require the education that SAA provides.

Our commitment to provide the highest quality SAA experience will have a profound impact, if families can afford the opportunities we offer. Together, we can open doors for more students whose means may be limited, but whose ability and ambition are limitless.

You can make a difference today by making a gift at [scienceandartsacademy.org/giving](https://scienceandartsacademy.org/giving), or by mail to: Science & Arts Academy, 1825 Miner Street, Des Plaines, IL 60016.

The SAA Advancement team can help you find the giving options that best suit your goals. Please contact us at 847-827-7880 or [giving@scienceandartsacademy.org](mailto:giving@scienceandartsacademy.org).
